BEST PRACTICES

BE FRIENDLY

Use your own words, check your spelling and avoid swear words. Comments should be friendly.

BE ACTIVE

Read, like and comment on other people's content. Share and post several times a week, bearing in mind what your followers are interested in.

BE RESPECTFUL

All opinions deserve respect. Avoid discussing politics, religion or sex.

FIND OUT WHAT EVERYONE IS TALKING ABOUT

Take note of the content being published around you, and join in when relevant: comment and share, but don't forget to mention the original poster.

INTERACT

Respond to your followers, use hashtags that reflect your interests and tag other profiles when mentioning them so they are notified. Using “@Name” will make it easier for people to find them. To be more approachable, address them informally while remaining polite.

BE MINDFUL OF PRIVACY

Respect your own privacy and that of other users. Respect the confidential information of Repsol and any other company or person.

CREATE DIVERSE CONTENT

Photos, videos (which reach more people), surveys, GIFs and stories. Keep in mind the characteristics of each network. Record vertically for stories and horizontally for Facebook, Twitter, the Instagram feed or LinkedIn.

THINK BEFORE YOU ACT

Remember that social media is public and unforgiving. Think carefully about what you share and how you share it.

RESPECT THE BRAND

Speak on your own behalf, not on behalf of Repsol Lubricants. Remember that you must use the brand in accordance with the guidelines set out in this guide.
